Electronics Collection Changes Effective Immediately

Effective January 2016, the Greater Lebanon Refuse Authority will NO LONGER accept household appliances for free, so GLRA elected to drop them from the program. The markets for scrap metal are at a significant low so the costs to process the non-covered electronic devices far outweigh the market rebates. Therefore, these items will no longer be accepted at the facility:

THESE ITEMS ARE UNACCEPTABLE AND SHOULD BE DISPOSED OF IN THE REGULAR TRASH

Rules for Dropping Off Electronics

See the complete list of acceptable materials above. If it is not on the list, then it is not acceptable.

No assistance will be given to unload. You must be able to unload materials safely and properly. If that requires bringing 2 or 3 individuals along to unload an oversized item, then you must do so.

Individuals and small businesses with 10 or more computers and televisions or pick-up truck loads of mixed electronics must call in advance to schedule a specific time to bring in larger quantities. Larger quantities will not be accepted and will be turned away unless an appointment has been scheduled first through the County Recycling Coordinator. Please contact the County Recycling Coordinator at 867-5790 Extension 307 to schedule an appointment.
